Course Name: **CSE-311 Lab**      Section: **7**

Project Title: **Web Novel Hosting Site**

**Shadman Sakib - 2014310042**

**Score**

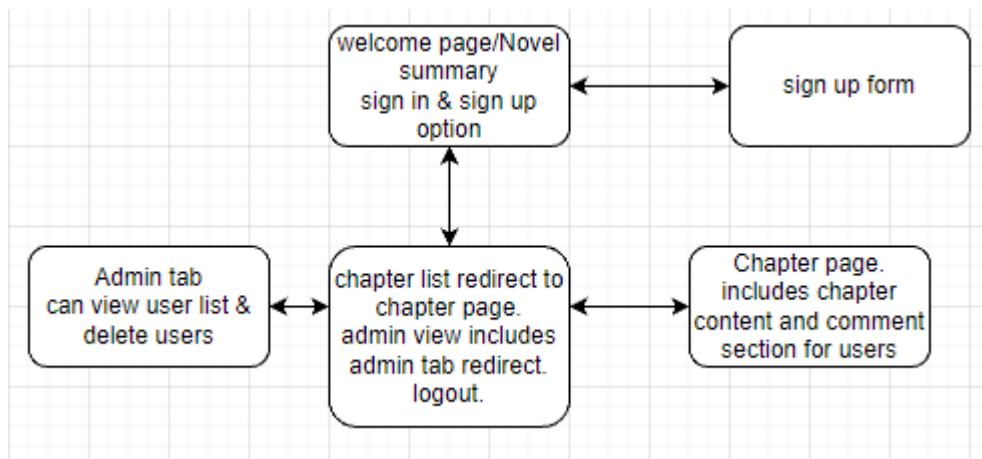

**Nadia Binte Rahman Peeya - 1731358642**

**Remarks:**

### Description of the Project:

The goal of the project is to host a single web novel. Interested readers will have to make an account to read it. There will be a Chapter list they can select from once they log in to their account. The chapter page will host the chapter text the admin input and will have a comment section at the bottom of it. Readers can write and view comments, while admin will have capability to view, read & delete them. Admin can also access admin page tab upon their sign in which allows them to see the list of usernames signed up. Admin can delete user account in the same page.

### Sitemap of the Project.

### Gantt chart
